

Communication and Collaboration -The Foundation of Innovative Learning and e-Research

Jason Trump¹, Evan Hunt²

1 Microsoft

2 Hewitt Packard

Abstract:

Sharing knowledge and fostering innovation is core to every University's agenda. In this session, you'll hear about the converged campus collaboration environment of the future, or should that be today. Microsoft and HP have the technology and the expertise to make it possible now. Messaging, Web Conferencing, Knowledge Management, Search, IP Telephony, Unified Messaging are among the topics which will be covered.
